

To whom it may concern,

I am writing to express my 100% opposition for HB 6355 AN ACT CONCERNING RISK PROTECTION ORDERS OR WARRANTS. Such "red flag" laws are unconstitutional, and give overwhelming power to the state to determine, at will, who may and who may not possess a firearm. There is no measurable standard to which someone will be judged, so it not only follows an "innocent until proven guilty" mindset, but also does not address the concept of WHEN they may be eligible again. Again, it is the right of every citizen to keep and bear arms.

I am also in support of HB 6491.

Thank you,
